Replace Old Expectations

We believe your Renewal by Andersen experience is about more than just windows. It’s about caring for you and your home, every step of the way.

We own our entire process, from start to finish. What does that mean for you? It means we listen. It means we measure, we build, and we install. And it means we promise to stand by our product – today, tomorrow, and years into the future.¹

A Legacy That Looks to the Future

For more than a century, Andersen® window and door products and patents have revolutionized the industry. We pair that legacy of quality and innovation with a skilled team of specialists dedicated to making sure your window replacement is your best home improvement project.

From Our Family to Yours

Your home is unique. This is the place where you and your family make memories and celebrate moments, both big and small. We want to make sure your new windows suit your home life.

Who you choose to work on your window replacement project is important.¹ When you work with Renewal by Andersen, you’ll get an exclusive product that is durable, customizable, and beautiful. And you know we’ll take care of you – and your home – from start to finish.

From consultation to installation, Renewal by Andersen offers one-company accountability backed by a legacy of excellence. We’re proud to work with the best people, offer a superior, start-to-finish replacement process, and offer you exclusive, industry-leading products. That’s Renewal by Andersen® Signature Service!

¹See Renewal by Andersen® Products and Installation Transferable Limited Warranty for details.

★★★★★ - REVIEW

“I highly recommend Renewal by Andersen to everyone looking to transform one’s house into a pillar of excellence. You will be overly impressed, and your neighbors will weep with envy!”

JAMES R.
COSTA MESA, CALIFORNIA

ONLY THE RIGHT DOOR OPENS A HOME

That’s Why Renewal by Andersen Installs Only Andersen® Patio Doors

For every family, the home is a sanctuary. From the kitchen to the garden – from the living room to the patio – the home should be a place of tranquility, beauty, and security. Unfortunately, this harmony between indoors and out is often compromised by warped and aging patio doors. Difficult to open, old and drafty, or simply unattractive, patio doors that don’t live up to your living space can spoil the experience of feeling at home. Thankfully, our countless customizable options in design, sizing, enhanced security, and construction make replacement easier – and more delightful – than ever. Stop settling for that old, worn-out door, and let Renewal by Andersen deliver the patio doors your home deserves.

Bring the beauty of the outdoors inside without the weather

The strength of lumber with the low-maintenance freedom of vinyl or fiberglass

High-end architectural craftsmanship

Enjoy absolute peace of mind

← Create a whole new space simply by combining the indoors and outdoors

ONGOING INNOVATION

Setting the Standard in Windows and Doors

For more than a century, the Andersen name has led the industry in installation and innovation. In 1903, Hans Andersen's lumberyard was the first to sell window frames by the bundle – a flexible offering of prefabricated sills and jambs that greatly increased the speed and efficiency of home construction in America. In 1968, Andersen introduced the first low-maintenance patio door, based on a novel process for extruding rigid vinyl directly onto laminated, veneered lumber.

Since then, Andersen has continued to revolutionize the way patio doors are designed, built, and installed. Renewal by Andersen is the only company of its kind, offering a start-to-finish consultation and replacement process nationwide. We care for your home as though it was ours every step of the way, so you can get the most out of your new windows and doors for decades¹ to come.

Over a century of innovation that serves our customers and communities

We're proud to be a company of firsts – from prefabricated windows, to dual-pane glass, to Fibrex® composite material

Andersen® Locked Jamb and Sill-Joint Window Bundles, Circa 1920

★★★★★ - REVIEW

"They treated my home with care and respect, and best of all, delivered a great patio door that I know will last for years."

JUDY L.
ANDOVER, MINNESOTA

Andersen® A-Series Hinged Inswing Patio Doors / White Interior / Equal Light Grilles Pattern

★★★★★ - REVIEW

"I really like the way Renewal by Andersen made the whole process of getting new patio doors easy and efficient - I never had to think 'now what do I do - what comes next'. I love the end result!"

MARY T.
DARIEN, ILLINOIS

STANDARD
FEATURE

FEEL SECURE AND SERENE

Rest Assured

Direct access to one of your grandest views makes patio doors truly special. Like gates to secret gardens, they open up onto our backyard sanctuaries. Unfortunately, this can leave them vulnerable to break-ins, hidden from helpful pedestrians and neighbors. Thankfully, with Andersen® patio doors installed by Renewal by Andersen, that doesn't mean they're unprotected. With available multi-point locking systems, an engineered lumber sub-frame, tempered glass, and available add-on locks, the enhanced security of our patio doors is something you can feel from top to bottom the moment you reach for the handle. Say goodbye to poorly performing patio doors and hello to smooth operation and peace of mind.

Unique reachout lock seals gliding doors securely against jamb

Innovative construction maximizes strength in panel joints

←
Enjoy the view and peace of mind, too - we offer both!

BEYOND THE FACTORY

It's Only a Masterpiece if Masterfully Installed

New patio doors can make a world of difference, inside and out, but can also bring a host of new problems if installed incorrectly. At Renewal by Andersen, we know the right way to install every product we sell, in every part of the country and within a wide variety of unique home construction styles. By owning the process from start to finish, we've done away with finger-pointing between manufacturer, retailer, and contractor. Who better to trust to install your new patio doors than the dedicated replacement division of the company who designed and built them?

Leave It to the Masters

It takes a lot to build the door of your dreams, and almost as much to install it. By working with the best people across the board, we're able to redefine and push industry installation standards to new heights, bringing years of experience to the job that you won't find anywhere else. Certified Master Installers are unique to Renewal by Andersen, rigorously trained to treat your home respectfully and your patio doors expertly. Once they get to work, you'll see why we're proud to call them masters.

THE TRUTH ABOUT LIFETIME WARRANTIES

The words "lifetime warranty" are easy to say, but as many homeowners discover too late, they're hard to live up to. Even worse, many lifetime warranties are prorated, non-transferrable, and cost customers additional money during claims.

A Warranty That Works for You

Thankfully, Renewal by Andersen's limited warranty truly stands behind the product and its installation, meaning your patio doors really are warrantied – without caveats, without pro-rated depreciation, and without headaches. We offer one of the strongest limited warranties of any patio door manufacturer, and it is fully and automatically transferable, adding resale value to your home¹

Every patio door includes a label with a toll-free number and a unique identifying code, making it easy to contact us if you ever need help. It's our goal to do everything we can to make sure you're happy with your new patio doors for years to come.

UNRIVALED ENGINEERING

More Than a Century of Passion for Perfection

Renewal by Andersen's offering of Andersen® patio doors is remarkably engineered: built to optimize thermal efficiency, increase security, and improve ease of operation, all with as little maintenance as possible. From day one, we've engaged top designers and engineers, investing not only in the future of our doors and windows, but in the future of the places our customers are proud to call home.

Uniquely engineered glass options to keep your home comfortable in any climate

Low-maintenance cladding helps guard against cracking, sagging, and warping

One-piece weatherstrip panel gasket helps seal out drafts, wind, and water

Our experts refine every last detail so you can simply enjoy the bigger picture

FUNCTIONAL REQUIREMENTS:
- Lock door securely

ENGINEERING SOLUTION:
- Create a multi-point locking system - a hook bolt above and below the center dead bolt²

HOMEOWNER BENEFIT:
Enjoy enhanced security and a weathertight seal.

FUNCTIONAL REQUIREMENTS:
- Level doors

ENGINEERING SOLUTION:
- Construct with adjustable hinges

HOMEOWNER BENEFIT:
Easily fine tune the position of the door panel both horizontally and vertically.

FUNCTIONAL REQUIREMENTS:
- Remove rain from track

ENGINEERING SOLUTION:
- Build a "contain and drain" track system to keep rain and water outside

HOMEOWNER BENEFIT:
The built-in drain automatically eliminates any rain water that falls in the track system.

FUNCTIONAL REQUIREMENTS:
- Sturdy construction

ENGINEERING SOLUTION:
- Build with engineered pine and laminated-veneer lumber

HOMEOWNER BENEFIT:
Built for maximum longevity with sealants, fungicides, and insecticides.

Laurie March, host and creative force behind The House Counselor on hgtvremodels.com⁹

MY REPLACEMENT PROJECT LAURIE MARCH

“When it came time to replace some of my most sun-damaged windows and doors, I wanted substantial, beautiful work that looked original to my 1927 home. And because Renewal by Andersen’s offering of patio doors are custom built, the team didn’t have to mess much with my home’s stucco, which was such a relief. The door completely changed how the room feels. It’s far more quiet, no dust gets in through the cracks, and the late afternoon sun no longer blasts heat into the dining room. The change in noise is something I wasn’t prepared for – and living in the city, it was a very welcome surprise.”¹⁰

At Renewal by Andersen, we take pride in the outstanding people, exclusive products, and unique process that make our Signature Service the best in the industry. All we want is for you to be happy. Fortunately, we’re on the right track. In more than 95,000 Renewal by Andersen customer satisfaction surveys, our performance averages 4.7 out of 5 stars. That means over 94 percent of homeowners are very happy with the entirety of the replacement process. And we can only push ourselves forward from here.

HOME DESIGN QUICK TIPS

Consider a traditional Andersen® 400 Series Frenchwood® patio door to fit your home’s architecture style or a contemporary look to fit your personal style.

Take advantage of color combinations, hardware finishes, and panel styles to complement the character of your home.

Don’t hesitate to ask our expert design consultants for recommendations on the best patio door combination for your home.

The process is easy.

Visit renewalbyandersen.com or call your local Renewal by Andersen showroom for a free in-home or no-contact consultation.

The environment has a business partner

As the full-service window and door replacement division of Andersen Corporation, Renewal by Andersen shares our parent company's commitment to sustainable business practices. In fact, Andersen's progressive practices impact all aspects of our business.

Respect for the environment is nothing new at Andersen. For more than a century, it's been part of who we are. Our commitment to recycle and reclaim materials began simply because it was good business. Now it's part of our broader commitment to sustainability and responsible stewardship of all our resources. Andersen is committed to providing you with long-lasting,* energy-efficient windows and doors. Visit andersenwindows.com/sustainability for more information.
